Art \wedge People \wedge Data \wedge Language = Commodity

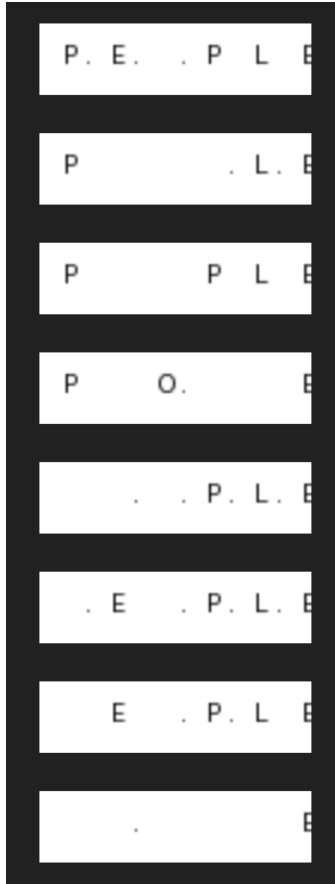

My strange addiction.
our inbred perception;
taste is the ghetto of the real

your art
is not about how many people
like your work
your art
is about
if your heart likes your work
if your soul likes your work
it's about how honest
you are with yourself
and you
must never
trade honesty
for relatability

because i don't believe in community.

there is no community, and there never was.

feel free to go on ahead without me.

fuck the community.

P.E.O.P.L.E. IS:

Handsome man with Blonde beard and eyebrows, sunburned nose slightly peeling. Oakley sunglasses on forehead, smoking a cigarette. Wild blue eyes that hold madness. Huge veiny forearms with deep scars. T shirt tan. Very pale skin contrast with tan forearms and neck. Big pale uncut cock pink tint, blonde pubes. 6'3 225 lb. He has a broken spirit.

I am obsessed with achievement in [itself] not as an end to something meaningful, but to win a social competition.

You have to actively fight this feeling that you're just making a commodity.

You have to actively fight this feeling that you're just becoming a commodity.

You have to actively fight this feeling that you're just a commodity.

"I get that P.E.O.P.L.E. is a rocker and anti-establishment but P.E.O.P.L.E. actually isn't a rocker and anti-establishment, P.E.O.P.L.E. was a rocker and anti-establishment."

I grow little of the food I eat,
and of the little I do grow
I did not breed or perfect the seeds.

I do not make any of my own clothing.

I speak a language
I did not invent or refine.

I did not discover
the mathematics I use.

I am protected by freedoms and laws
I did not conceive of or legislate,
and do not enforce or adjudicate.

I am moved by music
I did not create myself.

When I needed medical attention,
I was helpless to help myself survive.

I did not invent the transistor, the
microprocessor, object oriented
programming, or most of the
technology I work with.

I love and admire my species,
living and dead, and am totally
dependent on them for my life
and well being.

Being alive is an irresolvable negotiation between artificiality and authenticity that ends with death. breakages in patterns is what gives life meaning; you cannot know truth without knowing falsehood, you cannot know peace without knowing violence. The human story includes the story of violence but also includes the story of peace and the story of love.

The world is enchanted. We love the world, and we are nothing without people

"All that is solid melts into thin air, all that is holy is profaned,"

"It's all art now. Everything. Marx didn't know about LLMs"

"וְאַהֲבָתָה לְרֵעֶךָ כָּמוֹךָ" – ("Love thy evil as thyself")

"this is about me"
